the education to work transition of young people is key to a successful work life and to fight youth unemployment the book provides an impressive outline of the facts and convincing insights of the potential causes this offers a large and broader audience help to adjust properly to achieve a better life klaus f zimmermann iza bonn germany this work points to the youth experience gap as a key concept to explain the meager employment opportunities and earnings many young people face the transition from education to work remains a long dark tunnel around the world however this book shows that there are striking differences between countries in germany the young people of today are no worse off than their adult counterparts while in southern european and eastern european countries they fare 3 through 4 times worse

the current economic and financial crisis has further exacerbated the situation for young people in many advanced economies observers are divided as to the optimal design of youth employment policy liberalists believe that the market itself should address youth disadvantages more flexible labor markets should also guarantee greater labor turnover including temporary work so as to allow young people to move from one job to the next until they accumulate the work experience they need to become more employable and find the right career in contrast other economists oppose approaches focusing on entry flexibility and temporary work claiming that the former type helps only the most skilled and motivated target groups while the latter only allows young people to gather generic not job specific work experience

in this innovative book alan france looks not at the economic impact of the global economic crisis and great recession of the past decade but at the effect these forces have had on our very understanding of youth through its associated institutions using eight countries as case studies he undertakes an in depth sociological analysis of historical and contemporary developments in secondary education training work and welfare policy to show how the ecological landscape of youth has been affected mapping the growing influence of neoliberalism as a political strategy in each of the countries he shows how after the crisis the reconfiguration of institutions and practices that are central to the lives of the young is accelerating bringing new meaning to youth age transition diversity risk and inclusion
